

HIGH PERFORMANCE ROOFING UNDERLAYMENT ■

Premier technology from RkW guarantees 100% protection from insects, mold and mildew for ALL roofing materials.

- Superior strength five-layer polypropylene/polyethylene construction
- Lightweight rolls – weigh only 43 lbs per 10 square roll – measure 60” x 200”
- Guaranteed for 30 years
- 30% faster to install than the equivalent competitions’ underlayment
- Will not tear and rip in high winds
- Withstands outdoor exposure for up to 6 months without degradation
- Fiber-Grip® slip resistant surface offers superior grip and traction than standard roofing felts
- Meets or exceeds criteria set by Miami-Dade County, ICBO, ICC-ES and Florida Building Code
